1. **Company / Business Name** : MSM Logistics (Pvt.) Ltd.
2. **Constitution / Business Type** : Private Limited Company
3. **Company History** :
MSM Logistics (Pvt.) Ltd. was established on 20 December 2009 as a registered company in Bangladesh, with a vision to deliver reliable, efficient and integrated outsourcing solutions across multiple sectors.

From its inception, the company has focused on supporting organizations by streamlining their operational needs through professional manpower supply, security services and the sourcing of goods and materials. Over time, MSM Logistics has expanded its service portfolio to include the supply of industrial items and safety products, logistics services, as well as specialized consultancy services in the areas of agriculture, industry, supply chain & logistics and management.

With a strong commitment to quality, compliance and client satisfaction, MSM Logistics has developed a reputation for delivering dependable services tailored to the unique requirements of its clients. The company follows structured recruitment, deployment and monitoring processes to ensure that all manpower and services consistently meet industry standards and client expectations.

Over the years, MSM Logistics (Pvt.) Ltd. has successfully served a diverse range of clients, including local enterprises, multinational companies, industrial organizations and service-oriented institutions. Its ability to provide end-to-end outsourcing support has positioned the company as a trusted partner in enhancing operational efficiency and productivity.

Driven by professionalism, integrity and continuous improvement, MSM Logistics remains committed to contributing to business growth and economic development by delivering comprehensive and sustainable outsourcing solutions.

MSM Logistics (Pvt.) Ltd. is committed to contributing positively to society by promoting ethical practices, workforce development, and sustainable employment opportunities.

The company actively focuses on identifying, recruiting and deploying skilled, disciplined and responsible manpower in alignment with the requirements of client organizations. Beyond job placement, MSM emphasizes ensuring quality performance and professional integrity in all assigned roles.

To maintain high standards, MSM conducts structured assessments and evaluations to verify the competency and suitability of its workforce. In cases where skill gaps are identified, the company takes proactive measures by providing training and development programs to enhance efficiency, productivity and employability.

In addition, MSM promotes awareness within society regarding the importance of education, skill development and professional coordination as key drivers of sustainable employment and service excellence. Through these initiatives, the company supports broader socio-economic development while aligning with national policies and contributing to the overall progress of industries and communities.
